Resolution of the Conferenze of ICOR Africa

On Palestine

Since October the 7th the Zionist Israeli entity with the full support of Imperialist forces mainly USA and EU has been intensified a heinous and barbaric genocidal war against the Palestinian innocent civilian people in Gaza, a war in which all elements of Genocide, war crimes and crimes against humanity perpetrated killing more than 34,000 people half of them are women and children, injuring more than 76,000 people, destroying more than 300,000 houses and deliberately chasing out and forcibly displace more than 1.5 million inhabitants of Gaza as a part of a plan of transfer and displacement.

This Genocide has intensified during the last six months following the legitimate act of resistance launched by the heroic Palestinian resistance fractions, however this genocidal war started a long time ago.

In fact, for about a century the Palestinian people live under the yoke of the settler colonialism, exploited, starved out, deprived of their land, massacred and forced by violence to leave Palestine since the Nakba of 1948 (Millions of Palestinians are obliged to live in Jordan, Lebanon, Syria and in all over the word and are deprived of the right to return).

For more then a century the Zionist militias and then the zionist Israeli army committed barbarian atrocities and genocides that continue till today. (DIR YASSIN, SABRA CHATILA, JENIN, GAZA ...)

In 1917, Lenin regarded the Balfour Declaration as a plan by international imperialism to settle the Zionist colonial entity in Palestine with the aim of dominating the region.

Since 1947 Lenin's view has become reality.

The Heroic Palestinian people and its revolutionary forces and fighters have resisted and continue to resist in all forms of revolutionary struggle. They continue to be a model of anti-imperialist and anti-colonialism revolutionary struggle.

The workers, peasants, students and all Palestinians continue their heroic struggle.

Now more than ever Palestine and Palestinians need the solidarity of the revolutionary parties and organizations and their engagement with them to triumph in their historical quest for independence and liberation.

The Palestinian cause remains an inseparable part of the international anti-imperialist and anti-zionist revolutionary movement.
