*"The most beautiful sea
is the one that has not been traveled"*

Nâzım Hikmet

Dear comrades, dear friends!

A very turbulent and successful year 2025 lies behind us. With many anti-imperialist, anti-fascist, revolutionary activities in our countries, with the Al Awda Pact, with our solidarity "Palestine must live" and the Zimmerwald 2.0 conference, our cohesion has been strengthened. We never lose sight of our goal of a liberated world under socialism and communism.
